Contents of Volume 208, 1980

No. 1 issued on May 30, 1980

D.F. Newgreen, I. Jahnke, I.J. Allan, I.L. Gibbins: Differentiation of Sympathetic and Enteric Neurons of the Fowl Embryo in Grafts to the Chorio-Allantoic Membrane 1

R.M. Pino, E. Essner: Structure and Permeability to Ferritin of the Choriocapillary Endothelium of the Rat Eye 21

J. Torres, Jr.: A Stereological Analysis of Developing Egg Chambers in the Honeybee Queen, *Apis mellifera* 29

A. El Said, Z. Świderski: Regional Specialization of the Sperm Membrane in the Tick *Amblyomma hebraeum* Koch (Acari: Ixodidae) 35

K.W. Chung: Spontaneous Testicular Neoplasm in Mice with Testicular Feminization 47

M.E. Elmes, J.G. Jones: Ultrastructural Studies on Paneth Cell Apoptosis in Zinc Deficient Rats 57

R.J. Pack, L.H. Al-Ugaily, G. Morris, J.G. Widdicombe: The Distribution and Structure of Cells in the Tracheal Epithelium of the Mouse 65

E.K. Perryman, J. de Vellis, J.T. Bagnara: Phagocytic Activity of the Stellate Cells in the Anuran Pars Intermedia 85

G.J.J.M. van Eys: Structural Changes in the Pars Intermedia of the Cichlid Teleost *Sarotherodon mossambicus* as a Result of Background Adaptation and Illumination. I. The MSH-producing Cells 99

Y. Omura, M.A. Ali: Responses of Pineal Photoreceptors in the Brook and Rainbow Trout 111

M.L. Ballinger, G.D. Bittner: Ultrastructural Studies of Severed Medial Giant and Other CNS Axons in Crayfish 123

L. Edvinsson, J. Fahrenkrug, J. Hanko, C. Owman, F. Sundler, R. Uddman: VIP (Vasoactive Intestinal Polypeptide)-containing Nerves of Intracranial Arteries in Mammals 135

N.J. Walesby, I.A. Johnston: Fibre Types in the Locomotory Muscles of an Antarctic Teleost, *Notothenia rossii*. A Histochemical Ultrastructural and Biochemical Study 143

Short Communication

H.-J. Appell, C. Stang-Voss: A Peculiar Fibrillar Pattern in the Myocardial Cells of Trabeculae Carneae in the Right Ventricle of the Rat, Mouse, and Rabbit 165

Erratum: **N.D. Holland:** Electron Microscopic Study of the Cortical Reaction in Eggs of the Starfish (*Patiria miniata*). Cell Tissue Res. 205: 67–76 (1980) 169

No. 2 issued on June 3, 1980

L.E. Westrum, D.H. Jones, E.G. Gray, J. Barron: Microtubules, Dendritic Spines and Spine Apparatuses 171

M. Masson-Pévet, D. Gros, E. Besselsen: The Caveolae in Rabbit Sinus Node and Atrium 183

F. Gaill: Glycogen and Degeneration in the Pyloric Gland of *Dendrodoa grossularia* (Ascidiacea, Tunicata) 197

L. Luciano, E. Reale, W. v. Engelhardt: The Fine Structure of the Stomach Mucosa of the Llama (*Lama guanacoe*). II. The Fundic Region of the Hind Stomach 207

K. Kurumado, W. Mori: Pineal Synaptic Ribbons in Blinded Rats 229

D.G. Jones, R.M. Devon: An Analysis of the Association Between Various Synaptic Parameters During Cortical Development 237

S. Matsushima, Y. Morisawa: Mechanism Involved in the Response of Granulated Vesicles in the Mouse Pinealocyte to Acute Cold Exposure 247

K. Ono: Changes of the Caecal Villi During Postnatal Development in Rats 253

W.F. Agnew, R.B. Alvarez, T.G.H. Yuen, A.K. Crews: Protein Synthesis and Transport by the Rat Choroid Plexus and Ependyma. An Autoradiographic Study 261

M. Gundel, H. Penzlin: Identification of Neuronal Pathways Between the Stomatogastric Nervous System and the Retrocerebral Complex of the Cockroach *Periplaneta americana* (L.) 283

A.H.D. Watson: The Distribution of Aminergic Neurones and Their Projections in the Brain of the Teleost, *Myoxocephalus scorpius* 299

J.A. Russell: Changes in Nucleolar Dry Mass of Neurones of the Paraventricular and Supraoptic Nuclei in the Rat During Pregnancy and Lactation 313

J. Polkowska, M.-P. Dubois, E. Domański: Immunocytochemistry of Luteinizing Hormone Releasing Hormone (LHRH) in the Sheep Hypothalamus During Various Reproductive Stages. Correlation with the Gonadotropic Hormones of the Pituitary 327

No. 3 issued on June 30, 1980

S.G. Waxman, M.J. Anderson: Regeneration of Spinal Electrocyte Fibers in *Sternarchus albifrons:* Development of Axon-Schwann Cell Relationships and Nodes of Ranvier 343

S. Mikami, T. Takagi, D.S. Farner: Cytological Differentiation of the Interrenal Tissue of the Japanese Quail, *Coturnix coturnix* 353

K. Hausen, K. Wolburg-Buchholz, W.A. Ribi: The Synaptic Organization of Visual Interneurons in the Lobula Complex of Flies. A Light and Electron Microscopical Study Using Silver-intensified Cobalt-Impregnations 371

M. Olivereau, C. Aimar, J.-M. Olivereau: Responses of the Teleost Pituitary (Goldfish, Eel) to Deionized Water 389

Y. Kameda, A. Ikeda: Immunohistochemical Study of the C-Cell Complex of Dog Thyroid Glands with Reference to the Reactions of Calcitonin, C-Thyroglobulin and 19S Thyroglobulin 405

Y. Kameda, A. Ikeda: Immunohistochemical Reactions of C-Cell Complexes in Dogs After Induced Hypercalcemia, Antithyroid Drug Treatment and Hypophysectomy 417

M.V. Val-Sella, A. Sesso: Thin Section and Freeze Fracture Studies of the Hypophyseal Proximal Pars Distalis in a Teleost (*Rhamdia hilarii* Val.) During Different Stages of the Reproductive Cycle 433

E. Thomsen, B.L. Hansen, G.N. Hansen, P.V. Jensen: Ultrastructural Immunocytochemical Localization of Vitellogenin in the Fat Body of the Blowfly, *Calliphora vicina* Rob.-Desv. (*erythrocephala* Meig.) by Use of the Unlabeled Antibody-Enzyme Method 445

J. van Minnen, D. Reichelt: Photoperiod-dependent Neural Control of the Activity of the Neurosecretory Canopy Cell in the Lateral Lobes of the Cerebral Ganglia of the Freshwater Pulmonate *Lymnaea stagnalis* (L.) 457
